Release Notes 7.1.5 — Appway Component Extension
Patch Release | 19.12.2017

Changes since version 7.1.4 of the Component extension.

'Date Picker' Screen Component

- Bugfix: The Back and Next buttons for switching between months now again work correctly on Internet Explorer 11.

'Form Channel' Screen Component

- Bugfix: Improved the focus handling of several Screen Components on the Form Channel.
