Release Notes 7.2.5 — Appway Component Extension
Patch Release | 04.04.2018

Changes since version 7.2.4 of the Component Extension.

Tooltip

- Bugfix: Fixed an issue where the tooltip was not displayed right beside the tooltip icon.

'Style' Business Object

- Bugfix: Fixed an issue where the Heading1-small 'Style' Business Object referred to a Heading2 'Style' Business Object, thus generating error boxes.
